### Past Exhibition

'That's Life - Patong Beach'

An Exhibition by John Marmon

26 February 2005 - 17 March 2005

### A Photography Exhibition

to be held at THE P I K T U R E G A L L E R Y commencing 26th February 2005 until 19th March 2005. 25% of net proceeds of sales of prints will be donated to appropriate charity to assist ordinary people in Patong.

From the 'simple' to the 'sublime' a stimulating collection of colour-intensive, high impact and graphic images that were created by accomplished freelance 'veteran' photographer, John Marmon.

Before the terrible disaster that occurred on the 26th December 2004, John had spent several weeks walking around to share his visions and capture over 200 images of the events, people, things and faces that document 'life' and form this amusing, whimsical, imaginative and original portfolio of contemporary Patong Beach.

As well as capturing the more usual activities associated with the beach and the sea, John shot portraits and spontaneous candid shots of both those who 'work' and 'play' on and around the beach, and who, at that time, jointly 'generated' the beach scene at Patong.

This fascinating collection of images also includes several abstracts, still life shots, scenics, flora, patterns, textures and isolated details, each one captured with John's perceptive eye and in his own distinctive style.

For more information please contact K. Arnon at The Piktore Gallery on 02 662 6462-3 ext 14.
